TRG

NOTES TO FINANCIAL STATEMENTS

NOTE 1 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

St. Michael's Church of Northeast D.C. (Church) is incorporated under the laws of the State District of Columbia. The Church is exempt from Federal and State income taxes under the Internal Revenue Code Section 501(c) (3).

The Church's primary activities are church services. The Church's primary source of revenue is free-will donations.

BASIS OF ACCOUNTING

The financial statements of the Church have been prepared on the accrual basis of accounting and conform to generally accepted accounting principles as applicable to not for-profit organizations.

CASH EQUIVALENTS

For the purposes of the Statement of Cash Flows, the Church considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

PROPERTY AND EQUIPMENT

All property and equipment over \$500, with an estimated life exceeding one year is depreciated using the straight-line method over the estimated useful life of the related asset. Donated fixed assets are recorded at the fair market value and are capitalized. Betterments and renewals are capitalized. Maintenance and repairs are charged to operations when incurred. Useful lives of the related assets are as follows:

Buildings and improvements	30 years
Furniture and equipment	5 years
Transportation equipment	5 years

CONTRIBUTIONS AND DEFERRED REVENUE

The Church reports gifts of cash and other assets as restricted support if they are received with donor stipulations limiting the use of the donated assets if the restrictions are not met in the period of receipt. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets. If a stipulated time restriction ends or a purpose restriction is accomplished time restriction is received, the donation is recognized as unrestricted revenue.

NOTE 1 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The accompanying notes are an integral part of these financial statements

CONTRIBUTED SERVICES

A substantial number of unpaid volunteers have made significant contributions of their time to the Church's various programs. These contributed services do not meet the criteria for recognition required by generally accepted accounting principles and are not reflected in the accompanying financial statements.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – CASH RECEIPTS

In 2006, there was not a sophisticated accounting system in place to record and monitor cash collection from contributions. In the fall of 2007, as a result of the five year audit initiated by the Finance Committee, the Church changed its cash receipts management. In the beginning of 2009, they have since put into place a proper accounting system to record and monitor all contributions.
